

2026

Delaware's 40th Annual Torch Run

Since 1987, Delaware Law Enforcement has hit the pavement in support of the athletes who train and compete in Special Olympics. Through their signature event – the Torch Run – law enforcement has opened the doors of understanding and acceptance while raising awareness and critical resources to fuel Special Olympics' growth and quality programming.

Even after 40 years, the reason to run has not changed. The 2026 Law Enforcement Torch Run will continue its long-standing effort to change the future for people with intellectual disabilities. At its most basic level, the Torch Run is an actual running event that unites local, state, and federal agencies to carry the Flame of Hope across our great state to the Opening Ceremony of Summer Games each June. The flame symbolizes the courage and celebration of diversity which is at the heart of the Special Olympics movement. Law enforcement members who carry the torch are proudly known as *Guardians of the Flame*.

We are asking the community at large to help us keep the Flame of Hope burning bright with your monetary support. Please join Delaware Law Enforcement and together, you will light the way for acceptance and inclusion.

Thank you for the difference you make and the lives you change.

Your donation allows Special Olympics Delaware to expand its footprint and offer its life-changing programming – free of charge – to athletes and their families.
